

Cluster	Subject Title	Instructor	Credit	Semester
S-P	Mental Health and Telepsychology	Lenna Schlemper	2	Summer 2022
Subject Description				
<p>Many people who have psychological or mental health problem do not receive professional help. In this course, students will learn about help-seeking theories and mental health services, focusing on the progress and challenges of telepsychology. Though participating in the discussion, role-play, and presentation, this course provides the students to develop skills of building a proposal to solve current mental health and educational issues.</p> <p>Students from different universities will be grouped to do the groupwork and presentation.</p>				
Objective
